Global Manufacturing Miscellaneous - Maintenance Free Lead Acid Batteries

Features

Our Global Manufacturing Maintenance Free Lead Acid Batteries are designed to provide outstanding performance in withstanding overcharge, over-discharge, and resisting vibration and shock. Compact, these batteries save installation space while providing full and reliable power. The use of special sealing epoxies and long-sealing paths for posts and connectors assure that the Valve Regulated Lead Acid battery will offer exceptional leak resistance, allowing them to be used in any position.
