

Global Manufacturing- Porcelain Wire Holder 1-1/4" x 2-1/2"

Features

Our Global Manufacturing Porcelain Wire Holders come in a large variety of shapes and sizes. They are designed to secure incoming overhead service-entrance wires at the exact point where the load-bearing requirement is the highest. The porcelain holder is reinforced with galvanized steel for added strength. This particular wire holder is 1-1/4" x 2-1/2".
